

Lecture-45

Video Demonstration on Induction Motor & Synchronous Generator

Lecture delivered by:

Objectives

At the end of this lecture, student will be able to:

- Observe the Video Demonstration on **Induction Motor & Synchronous Generator**

Video

[How does an Induction Motor works?](#)

Note: To see the video give right click on the title and open hyperlink

Video

Production of Rotating Magnetic Field Synchronous Speed

Note: To see the video give right click on the title and open hyperlink

Video

How does Transformer works?

Note: To see the video give right click on the title and open hyperlink
